Alpaca

MERLOT

The Alpaca is a domesticated animal of the Camelidae family and a native of the Andes. This creature is highly valued for its luxurious wool, which today is exported around the world.

The wine has a bright red colour similar to black cherry. It has an intense perfume with aromas of ripe plum, black fruits such as blackberry and blueberry, exquisite black chocolate, coffee and caramel. A full and juicy attack with a pleasant acidity; Ripe tannins, round and very soft. The aftertaste carries spicy notes superbly blended with hints of smoke and caramel, followed by a nice and pleasant finish. Serving suggestions include cooked crawfish, abalone, white meat like turkey and chicken; Also with sausages, soft cheese (mozzarella or brie), empanadas* and pasta with soft sauces.
