ORGANIC WINE

ROSÉ

B-Liv wants to raise awareness about the importance of finding the balance between our wellness and environmental care. That is why this organic wine is made following a conscious approach, using recycled and recyclable materials in its packaging and renewable energy in its production.

This Rose has an "onion skin" color, a fresh aroma with notes of red fruit, intermingled with pleasant floral notes. This is a vibrant wine, with a good initial attack, juicy and with a very good persistence.
