CARACARA

Chicas

The Caracara is a member of the falcon family that can be found in abundance from the southern USA to Tierra del Fuego in Argentina. Highly opportunistic feeders, caracaras generally prefer carrion to live prey and will frequently filch meals from other birds.

Deep colour with intense, jammy black fruit aromas. It is rich and silky in texture and on the palate the sweet black fruits juice give way to a peppery and spicy finish.

This is a wine to enjoy with rich and spicy meals, and meats such as veal and duck.

Serve at 15°-17°C.
