LA CONSULTA

La Consulta is the name of the region where General San Martin "consulted" indigenous chieftains about which mountain paths his army should march across the Andes during the Argentine War of Independence.

Pale yellow color with steel undertones. Very expressive and still aromatically elegant, with a fruity nose (tropical fruits) combined with mineral notes. In the mouth it is fresh, soft and delicate.

Ideal as an aperitif, or for matching with seafood or vegetable dishes.

Serve at 6-8 °C.

Product of Argentina.
