ORGANIC WINE
CABERNET SAUVIGNON

B-Liv wants to raise awareness about the importance of finding the balance between our wellness and environmental care. That is why this organic wine is made following a conscious approach, using recycled and recyclable materials in its packaging and renewable energy in its production.

This Cabernet Sauvignon has an intense ruby-red colour, a medium body, with aromas of fruity notes, floral touches and a hint of toffee and vanilla. It offers well-structured tannins, a pleasant aftertaste, and a long finish.
