Alpaca

CABERNET SAUVIGNON

The Alpaca is a domesticated animal of the Camelidae family and a native of the Andes. This creature is highly valued for its luxurious wool, which today is exported around the world.

The wine is ruby red in colour. On the nose it shows aromas such as strawberry, ripe black plum and touches of chocolate, mocha and vanilla, with notes of caramel and toasty aromas from time spent with oak.

On the palate it shows soft and round tannins, with ripe strawberry, blueberry, hints of toffee, chocolate and vanilla, followed by an intense long delicious finish.

Serving suggestions include roasted red meats, strong cheeses, roasted poultry and pasta with tomato or pesto sauces.
