ALBOR

reserva / cabernet sauvignon

The vineyards that give rise to this wine are located in Chile's Central Valley.

Albor Reserva arises from a careful selection of grapes; it is aged during twelve months in French and American oak barrels and then left for another six months to mature in the bottle.

Its flavours are primarily of very ripe berryfruit, with an underlying spicy character, adding depth and complexity. Full round body and medium intensity make it perfect for red meats and spicy dishes. Uncork one hour before drinking and serve at room temperature.
