CABERNET SAUVIGNON

WHAT DOES IT TASTE LIKE? Juicy and fruity, this Chilean Cabernet is a medium-bodied wine bursting with blackcurrant and blackberry flavours.

WHEN SHOULD I DRINK IT? Perfect with roast beef, this wine is a great accompaniment to any red meats or hearty pasta dishes like spaghetti Bolognese or lasagne.

ABOUT THE WINE. The grapes for this robust red wine are Cabernet Sauvignon sourced from top quality vineyards in Chile's Central Valley. The climate in the Central Valley is perfect for growing grapes, with long, warm, sunny days for them to ripen and lovely cool nights for flavours to develop.
