

Alpaca

SAUVIGNON BLANC

The Alpaca is a domesticated animal of the Camelidae family and a native of the Andes. This creature is highly valued for its luxurious wool, which today is exported around the world.

The wine has an Intense and attractive yellow colour with green hues. The aroma is expressive, showing tropical fruit characteristics such as pineapple, and citric notes in the form of grapefruit and floral notes like jasmine and yellow acacia flower. It is tasty in the mouth, juicy and fresh on the palate, with an excellent acidity-alcohol ratio. Serving suggestions include as an aperitif, with sushi, cebiche (marinated raw fish), seafood, seafood paella, goat cheese, boiled vegetables, simple salads, chicken marinated with lemon sauce and Thai food.
