VICUÑA

CABERNET SAUVIGNON

The Vicuña is the smallest of the Camelidae family and a native of the Andes. It is highly valued for its luxurious wool, which is the most expensive amongst the camelids.

Vicuña wines are expressive and full of fruit with soft, smooth tannins. These medium-bodied wines are true expressions of New World winemaking with their intense, ripe fruits.

This wine has a rich cherry colour. On the nose, red fruits such as cassis are complemented by chocolate notes and a hint of tobacco. Smooth berry and plum flavours with silky tannins and a long finish make this an ideal wine for any occasion.
