VICUÑA

SAUVIGNON BLANC

The Vicuña is the smallest of the Camelidae family and a native of the Andes. It is highly valued for its luxurious wool, which is the most expensive amongst the camelids.

Vicuña wines are expressive and full of fruit with soft, smooth tannins. These medium-bodied wines are true expressions of New World winemaking with their intense, ripe fruits.

This wine has aromas of bright citrus and tropical fruits. In the mouth, it is vibrant and refreshing with juicy fruits. This wine is at its best when served chilled.
