VICUÑA

MERLOT

The Vicuña is the smallest of the Camelidae family and a native of the Andes. It is highly valued for its luxurious wool, which is the most expensive amongst the camelids.

Vicuña wines are expressive and full of fruit with soft, smooth tannins. These medium-bodied wines are true expressions of New World winemaking with their intense, ripe fruits.

This wine has a deep red colour and ripe aromas with fresh black fruit and spicy notes. The blackberry, plum, and cherry flavours and silky finish make this a versatile wine for any occasion.
