TARAPACA

DESDE 1874

ORGANICALLY GROWN GRAPES

Rosé ♦ 20XX

The grapes that give birth to this wine are organically grown, cultivated in harmony with the surrounding environment. Spontaneous alcoholic fermentation was carried out with native yeasts and no artificial products were used during the winemaking process. This fresh and fruity wine with aromas of raspberries, red and black currants, strawberries and herbs is an excellent accompaniment to light fish or chicken dishes, or simply great to enjoy on its own.
