Sauvignon Blanc **LOT 4 D.O. LEYDA VALLEY**

Leyda is a recently discovered area located 12 km from the Pacific Ocean with cold climate influence, where ripening takes place in a slow rate, allowing the development of intense flavours and aromas in this Sauvignon Blanc. The presence of calcium carbonate spots gives this wine a special mineral character. Herbal notes and ripe citrus aromas such as grapefruit combine with fresh green limes on the nose. On the palate, this wine is elegant, fully concentrated and fresh, with mineral tones and a lingering juicy ending.
