LOT 5-WILD YEASTS

LEYDA VALLEY

Leyda CHARDONNAY Lot 5-Wild Yeasts is made from estate grown fruit from the newly recognized Leyda Valley D.O.C. Leyda Valley is located next to San Antonio Valley just 12 kms from the Pacific Ocean. Its proximity to the sea creates the perfect conditions for the development of CHARDONNAY which takes full advantage of the cool maritime breeze in spring and summer. Lot 5 represents an innovative and natural concept in winemaking. The wine ferments spontaneously as the natural strains of yeast from the vineyards impulsively start the fermentation process. The result is a unique and complex wine layered with diverse flavors and complexity. It has a smooth texture and a bright mineral acidity. Only 3,100 bottles have been produced.

WINEBOW
